**ISSUE:**

Approve a resolution authorizing the execution of an interlocal agreement with Salt Lake County for annual traffic signal maintenance through 2016.

**SYNOPSIS:**

The signal maintenance agreement covers preventative maintenance at \$41,700/year. The remaining \$61,300 goes to emergency call outs and other requested maintenance which is billed to the City on a time and materials basis.

**BACKGROUND:**

The City owns 29 traffic signals and shares ownership of 12 others with Salt Lake County and Taylorsville. The current interlocal agreement expires 12/31/08. The renewal has been delayed because the Transportation Division was negotiating with Salt Lake County to take over the preventative maintenance portion of the agreement. However, it was determined that we should renew the agreement because of the proposed purchase of the street light system and the maintenance requirements that will come with that ownership.

**RECOMMENDATION:**

Approve resolution authorizing the execution of an agreement
